*Supporting and facilitating educational programs and activities on the Range
that promote awareness of and encourage participation in STEM*

Write a short essay explaining why you are a 2026 STEM STUDENT All Star

- **Why are you a STEM Student All Star?**

What STEM classes have you elected to take?

What STEM activities have you been involved with?

What after school programs & extra-curricular programs are you involved with?

What is a STEM project, class, or teacher that inspired you?

Why are you passionate about STEM?

What are your plans for the future?
